

Water Filled Jogging Belt

Detailed Description

The ***Water Filled Jogging Belt*** is a one-size-fits-all belt that fits around the waist of the user and that will feature a bladder across its length that will serve to hold 20 ounces to 1 liter of water or the user's favorite beverage. The bladder will be 3 inches wide by 10-12 inches long. A semi-hard plastic straw will fit into an opening on the bladder for easy consumption of liquids. The straw will lend itself well to folding down and clipping securely into a small slot when not in use. The bladder will also feature a fill and draw cap that will allow for easy cleaning and filling.
