

“Our Success is Patented™”

Winter Spigot Cover Invention In Search of Licensee

An innovative new product designed to provide a solution to a common household maintenance issue, the ***Winter Spigot Cover***, has been developed by James Greathouse of Flintstone, Georgia. The invention’s unique design allows its users to provide their water spigots with security from a variety of potentially hazardous circumstances.

The ***Winter Spigot Cover*** will provide thorough protection of spigots during winter. Furthermore, the ***Winter Spigot Cover*** can be used again each year, providing convenience and saving money over time. Additionally, the product eliminates the hassle of dealing with frozen water spigots. The Winter Spigot Cover will also be made from durable materials and will be competitively priced, adding to its appeal.

The inventor of the ***Winter Spigot Cover*** has also developed a prototype that has been utilized with success.

Mr. Greathouse now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the exterior home accessories industry are currently being targeted as candidates to eventually commercialize ***Winter Spigot Cover*** on a worldwide basis.

In September 2013, Mr. Greathouse contracted product management services leader Innovation Direct™ to represent ***Winter Spigot Cover*** to potential licensees for a 2 year period. Innovation Direct™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that Innovation Direct™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.

Potential licensees interested in obtaining more information about ***Winter Spigot Cover*** and discussing licensing opportunities with respect to the product can contact the Manufacturer Response Department of Innovation Direct™ at (877) 991-0909 ext. 4285 or at MR@innovationdirectonline.com.
