“Our Success is Patented™”

Trophy Safe Invention In Search of Licensee

An innovative new product designed to provide effective protection for valued awards and keepsakes, the ***Trophy Safe***, has been developed by William D. Eubanks of Charlottesville, Virginia. The invention's unique design helps insure the safe transportation, storage, or display of trophies.

The ***Trophy Safe*** helps prevent the considerable unpleasantness and frustration inherent in the damaging of a valued award or memorabilia. Additionally, it can effectively be used in a number of settings, including retail windows, residential mantels, offices, car shows, and beauty pageants. Furthermore, the ***Trophy Safe*** serves as an elegant and stylish method through which to display trophies and other awards. Moreover, it will feature lightweight construction, making it conveniently portable. The Trophy Safe will also be competitively priced and made from durable materials, adding to its appeal and making it a wise investment.

The inventor of the ***Trophy Safe*** has developed a working prototype that has been utilized with success. The ***Trophy Safe*** is also currently in Patent Pending status within the United States Patent and Trademark Office.

Mr. Eubanks now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the display products industry are currently being targeted as candidates to eventually commercialize the ***Trophy Safe*** on a worldwide basis.

In January 2014, Mr. Eubanks contracted Miami, Florida-based product management services leader Innovation Direct™ to represent the ***Trophy Safe*** to potential licensees for a 2 year period. Innovation Direct™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that Innovation Direct™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.

Potential licensees interested in obtaining more information about the ***Trophy Safe*** and discussing licensing opportunities with respect to the product can contact the Manufacturer Response Department of Innovation Direct™ at (877) 991-0909 ext. 4285 or at MR@innovationdirectonline.com.
