

INNOVATION DIRECT™

“Our Success is Patented™”

Clean Blinds Invention In Search of Licensee

An innovative new product designed to provide vital protection to its users, the ***Clean Blinds***, has been developed by Sandra Baggett of Chicago, Illinois. The invention's unique design allows for the practice of safe sex in a comfortable yet effective manner.

The ***Clean Blinds*** proprietary features render it the most convenient method available of insuring protection during sex. The product prevents direct genital contact during sex at all times. The ***Clean Blinds*** will be instrumental in the prevention of a number of different diseases. Furthermore, it could potentially be made available in different styles and flavors to suit individual tastes. Moreover, the Clean Blinds can be used equally effectively by either sex. ***Clean Blinds*** will also be competitively priced and made from durable materials, adding to its appeal and guaranteeing its reliability.

The ***Clean Blinds*** is also currently in Patent Pending status within the United States Patent and Trademark Office.

Mrs. Baggett now seeks a third party licensee to manufacture, market, and distribute the product for her under a royalty agreement. Potential licensees in the sexual protection accessories industry are currently being targeted as candidates to eventually commercialize the ***Clean Blinds*** on a worldwide basis.

In April 2014, Mrs. Baggett contracted Miami, Florida-based product management services leader Innovation Direct™ to represent the ***Clean Blinds*** to potential licensees for a 2 year period. Innovation Direct™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that Innovation Direct™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.

Potential licensees interested in obtaining more information about the ***Clean Blinds*** and discussing licensing opportunities with respect to the product can contact the Manufacturer Response Department of Innovation Direct™ at (877) 991-0909 ext. 4285 or at MR@innovationdirectonline.com.
