Screw On Pill Box Invention In Search of Licensee

An innovative new product designed to serve as an essential personal medical accessory, the ***Screw On Pill Box***, has been developed by Jacques Jaklofsky of Las Vegas, Nevada. The invention's unique design provides its users with a multi-functional and diverse aid in maintaining their health and treating any conditions they may have.

The ***Screw On Pill Box***'s proprietary features insure that its users always have a supply of water with which to take their pills. The product keeps medications secure and organized. Additionally, the ***Screw On Pill Box*** provides important reminders of when to take medications, which will be of particular value to the elderly and those with memory problems. Furthermore, it is conveniently portable to any location. Moreover, the ***Screw On Pill Box*** is also made from durable materials and competitively priced, adding to its appeal and making it a wise investment.

The inventor of the ***Screw On Pill Box*** has developed a working prototype that has been utilized with success. The ***Screw On Pill Box*** is also in Patent Pending status within the United States Patent and Trademark Office.

Mr. Jaklofsky now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the personal medical accessories industry are currently being targeted as candidates to eventually commercialize the ***Screw On Pill Box*** on a worldwide basis.

In April 2014, Mr. Jaklofsky contracted Miami, Florida-based product management services leader Innovation Direct™ to represent the ***Screw On Pill Box*** to potential licensees for a 2 year period. Innovation Direct™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that Innovation Direct™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.
