

The Clear Vision Invention In Search of Licensee

An innovative new product designed to serve a vitally important purpose for motorists, the ***Clear Vision***, has been developed by Charalampos Nikopoulos of Brockton, Massachusetts. The invention's unique design insures that drivers enjoy an optimal level of visibility through their windshields at all times.

The ***Clear Vision*** is easy to implement on any vehicle. The product significantly reduces the chances of an accident due to poor visibility. Additionally, it requires no additional effort on the part of the user to operate correctly. Furthermore, the ***Clear Vision*** will be competitively priced and made from durable materials, adding to its appeal and making it a wise investment.

The inventor of the ***Clear Vision*** has developed a prototype that has been utilized with success. The ***Clear Vision*** is also in Patent Pending status within the United States Patent and Trademark Office.

Mr. Nikopoulos now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the automotive accessories industry are currently being targeted as candidates to eventually commercialize the ***Clear Vision*** on a worldwide basis.

In May 2014, Mr. Nikopoulos contracted Miami, Florida-based product management services leader *Innovation Direct*TM to represent the ***Clear Vision*** to potential licensees for a 2 year period. *Innovation Direct*TM obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that *Innovation Direct*TM has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.

Potential licensees interested in obtaining more information about the ***Clear Vision*** and discussing licensing opportunities with respect to the product can contact the Manufacturer Response Department of *Innovation Direct*TM at (877) 991-0909 ext. 4285 or at MR@innovationdirectonline.com.
