Leaf & Debris Grabber Invention In Search of Licensee

An innovative new product designed to simplify a common task related to pool maintenance, the ***Leaf & Debris Grabber***, has been developed by Walter D. Henry of Deatsville, Alabama. The invention's unique design enables it to make the collection of leaf and debris from a pool much more efficient.

The ***Leaf & Debris Grabber***' proprietary features insure that a pool skimmer does not get overly full. The product protects pool pumps from being overly stressed. Additionally, the ***Leaf & Debris Grabber*** saves its users time and effort in keeping their pools clean. Furthermore, it helps prevent costly repairs and replacements. Moreover, the ***Leaf & Debris Grabber*** will be competitively priced and made from durable materials, adding to its appeal and making it a wise investment.

The inventor of the ***Leaf & Debris Grabber*** has developed a working prototype that has been utilized with success. The ***Leaf & Debris Grabber*** is also in Patent Pending status within the United States Patent and Trademark Office.

Mr. Henry now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the pool maintenance accessories industry are currently being targeted as candidates to eventually commercialize the ***Leaf & Debris Grabber*** on a worldwide basis.

In May 2014, Mr. Henry contracted Miami, Florida-based product management services leader Innovation Direct™ to represent the ***Leaf & Debris Grabber*** to potential licensees for a 2 year period. Innovation Direct™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that Innovation Direct™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.
