## *The CNG Filter Bowl Removal/Installation Tools Invention In Search of Licensee*

An innovative new product designed to greatly facilitate an essential service task for vehicles that run on alternative fuel, the ***CNG Filter Bowl Removal/Installation Tools***, has been developed by inventor Carl Jennings of San Pedro, California. The invention's unique design enables it to simplify the task of installing and removing high pressure filters from alternative fuel vehicles.

The proprietary features of the ***CNG Filter Bowl Removal/Installation Tools*** allow it to greatly reduce the frustration and probability of injury inherent in the current methods being utilized. The product is safe and user-friendly and ideal for use in tight spaces due to the lightweight and compact design. Additionally, the ***CNG Filter Bowl Removal/Installation Tools*** will be made available in a variety of sizes to accommodate different filters. Furthermore, the ***CNG Filter Bowl Removal/Installation Tools*** will be competitively priced and made from durable and impact resistant hard tool steel, adding to their appeal.

The ***CNG Filter Bowl Removal/Installation Tools*** are also the subject of Patent Pending status within the United States Patent and Trademark Office.

Mr. Jennings now seeks a third party licensee to manufacture, market, and distribute the product for him under a royalty agreement. Potential licensees in the automotive repair accessories industry are currently being targeted as candidates to eventually commercialize ***CNG Filter Bowl Removal/Installation Tools*** on a worldwide basis.

In February 2015, Mr. Jennings contracted Miami, Florida-based product management services leader Innovation Direct™ to represent ***CNG Filter Bowl Removal/Installation Tools*** to potential licensees for a 2 year period. *Innovation Direct*™ obtains the maximum amount of exposure for the products that it represents through its unique and patented licensing methodology and its participation in multiple and diverse industry-leading trade shows each year. Exhibits that *Innovation Direct*™ has attended in recent years include the SHOT Show, the International Home and Housewares Show, the World of Concrete Show, the National Hardware Show, Licensing International, the SEMA and AAPEX Shows and the ERA D2C Convention.

Potential licensees interested in obtaining more information about ***CNG Filter Bowl Removal/Installation Tools*** and discussing licensing opportunities with respect to the product can contact the Manufacturer Response Department of *Innovation Direct*™ at (877) 991-0909 ext. 4285 or at [MR@innovationdirectonline.com](mailto:MR@innovationdirectonline.com).
